### 35. RETAIL ACCESS PROGRAM (Cont'd)

#### F. METERING (Cont'd)

- (d) Central Hudson will allow three-phase primary, substation, and transmission customers, whose demand exceeds 1,000 kW during two (2) consecutive months within the previous twelve (12) months, to have the option of owning Commission-approved meters, with Central Hudson retaining sole control of the meters. Such customers, or their designees, may receive metered data on a real-time or other basis, without incurring a fee, provided that such customers install and maintain, at their own expense, the necessary ancillary hardware and software required to provide such data. Such access may require Central Hudson to install a different type of meter/recorder that will allow multiple access: with the cost of the meter/recorder and installation borne by the customer, and Central Hudson retaining sole control of the meter and responsibility for the installation, maintenance and compliance with Commission regulations.
- (e) Central Hudson's "Supplier Handbook for Customer Choice Retail Access Program" contains a schedule of meter upgrade charges. Additional metering information, consistent with Public Service Commission Opinion No. 97-13, is available from Central Hudson upon request.

#### G. BILLING OF RETAIL SUPPLIER

Central Hudson will issue invoices to Retail Suppliers/Direct Customers monthly for extraordinary customer data requests in excess the information provided without charge, special meter reading charges, adjustments to prior invoices, and other retail tariff services provided at the request of the Retail Suppliers/Direct Customers.

Central Hudson will provide (at no charge, twice, within twelve months) up to twenty-four consecutive months of historical usage and billing information per meter to a requestor who provides written authorization from the customer with an account number. Central Hudson will charge a fee of fifteen (\$15) dollars, payable in advance, to the requestor for each twelve (12) month block (or fraction thereof) of data beyond the most recent 24-month period; and, fifteen (\$15) dollars for each repeat request after the second for the same data in the most recent twelve months.
